

Stay Safe Online – Prevention Checklist

- Never share your UPI PIN, OTP, or bank details with anyone, even if they claim to be from the bank
- Do not scan random or unknown QR codes, especially when someone says you will receive money
- Always double-check the person before sending money online
- Avoid clicking on suspicious links or messages from unknown sources
- Use strong and secure passwords for your apps
- Keep checking your bank transactions regularly
- Turn on SMS or email alerts for all transactions
- If you notice any fraud, report it immediately on **cybercrime.gov.in**
- You can also call the helpline number **1930** for quick help
